August 28, 2009

Dear Mr. Stefanopulos,

Thank you for the recent presentation of the Mape Project which I understand to be an exciting and innovative proposal to create a new high quality town at Mape, and a coastal resort at Konakridee, both in the Kaffu Bullom Chiefdom.

The associated benefits suggest that this is a Project that will strengthen and enrich the wider economy of Sierra Leone.

On this basis I offer my wholehearted support for the Project and affirm that the Government of Sierra Leone will do all that it can to ensure its success.

Ernest Bai Koroma

PRESIDENT OF THE REPUBLIC OF SIERRA LEONE
